Polk Audio Monitor 70 Series II Floorstanding Tower Speaker Review. Bottom Line: excellent power, bass, and all around performance for the price. One of few budget-tier 3 way tower speakers with a dedicated subwoofer with its own crossover. Arguably the best current choice for affordable standalone tower speakers. About This Listing Brand NEW! The name "Monitor" is special to Polk Audio. The original Polk Audio Monitor Series, produced in the mid-1970s, ushered in the modern loudspeaker era by setting the standard for performance and value. The original Monitor Series is the line that made Polk Audio famous with its simple, sturdy construction, clear, accurate sound, powerful bass and superior imaging—all at a price that made great sound available to everyone. The newly reborn Monitor Series II is classic Polk: a quality-built, affordable line of high performance loudspeakers for music and home theater. They are highly efficient, so they can be driven easily by unpretentious receivers, and they are voice matched for lifelike surround sound environments. The Monitor Series boasts a stylish contemporary look, with real wood veneer finishes, modern dark grey faces, and bold stabilizer feet on the tower models. Built for speed, sound quality and value, the Monitor Series is a great introduction to high performance sound. General information Dynamic Balance Tweeter 1" (25mm) silk/polymer composite dome tweeter with neodymium magnet structure delivers realistic vocals and instrumentals. Dynamic Balance Drivers Dual 6.5" composite drivers are lightweight and stiff with better damping for lower distortion, excellent midrange clarity and high efficiency bass. Critically-Tuned Port Flared port minimizes "chuffing" to reduce distortion for rich, natural sound and deep, full-bodied bass. General information Superior Materials Crossovers with Mylar bypass capacitors provide detailed high frequencies, while 5-way binding post connectors offer secure connections. General information Solid Construction Non-resonant, all-MDF enclosure with 0.75" thick baffles ensures cleaner, clearer, more lifelike sound quality. Efficient Design Small-diameter drivers deliver wide dispersion, better mid-range and detailed bass response for open, three-dimensional sound. Monitor70 Series II Floorstanding Speakers Sold As - Single Driver Units - Slim design houses a 1" dome tweeter and four 6.50" drivers Power Rating - Power rating 20-275W Frequency Response - 30Hz - 25kHz Nominal Impedance - 8 Ohms Connectors - Yes Color - Black Impressive performance, even when driven by modestly-powered amplifiers or receivers Cascade Tapered Array technology for maximum bass output, precise imaging and detailed midrange response Stylish, modern speakers with Titanium faces come in black or cherry wood grain finishes Dimensions: 42.00" x 7.75" x 15.63" Weight: 47.00 lbs. - Additional \$50.00 charge for economy shipping service to Virgin Islands, Guam, Saipan, Northern Mariana Islands, Hawaii, Alaska or Puerto Rico areas. - All international buyers are responsible for all tax, duties and/or customs fees.
