Zooba suspects mystery mansion download pc.

You were called to resolve a murder in the mansion! Play online with 9 other real players trying to resolve a mystery of murder. Perform investigation tasks to discover the identity of the killers. But beware, it will not be easy: the killers are part of the group, and they will do everything to stop the investigation! During your trips, you and other players discuss what murders could be. Everyone doubts this social game. Discuss directly with other players using the integrated vocal chat function. Where was the body, where were you? What tasks have been accomplished? Who have you traveled with? It was suspect after the start of the debate after the vote. Use your instinct to get the mansion out of the mansion. But beware: if you suspect another innocent guest and you shoot him from the mansion, you will help the killers win the game! You can play the game with your best friends or other players with a similar skill level. The game imposes it to you. This game is constantly evolving, with new cards, quests and features that await you. Suspects is a game where your friends and family can have fun together! In 2023 February 27 Edition 2.0.6. You will no longer be able to play from the "LOAD" number, you must replay "tomorrow". I hope the team here reads my comment because it's really boring! Take control, we do not blame overload of the server because many people download the game. Hello! I really like this game. Although I know that the chances are weak, I hope someone has an impact on the game. A friend told me that he almost got hacked in this way! You are invited to the manor murder! You play online with 9 other real players trying to uncover a murder mystery. Investigation tasks to reveal the identity of the killers. But be careful, it won't be easy: the killers are part of the group and won't stop at the investigation to investigate! Everyone in this social game is more versatile. Live chat with other players using the built in languages chat feature. Where was the body? where have you been? What homework did you do? What did you travel with? Who acted tough? Vote after the discussion. Rely on the stomach door to recommend a court prostitute. But be careful: if you create another innocent guest and master it with Manor, you will help win the Killer game! You can play with your closest friends or other players in one of your certain games. Suspicion is a game that friends and family can enjoy! 27. February 27, 2023 Version 2.0.6 € Bug fixes and improvements, so the game is good enough, but boring enough to wait for the game for 1 day, because the game is not working for the number of downloads. Have played something today then went out the lobby to see how you can get the characters etc. So you can't play again and try to play again because of the number of downloads? I hope the group reads my comment here because they are nervous! Good morning! I think this game is really good. I know it's unlikely, I still hope someone who hits the game will read this. Of course, it's very, very easy to cut the team anyway in any case in the friendly game. A friend told me he almost crushed! That he can never start playing. However, he was only able to solve it because he could hack himself and restore himself again. This game is very easy to hack (from what I've heard) so I hope some influencers will read it and maybe make a difference. I would be very grateful to him! It is very silly for me that certain tasks are too difficult, such as tasks at home with a suitcase battery, you can ask the developer to modify, wildlife research, emphasized that program information information is the management of this data that it can include.
