Android custom framelayout example

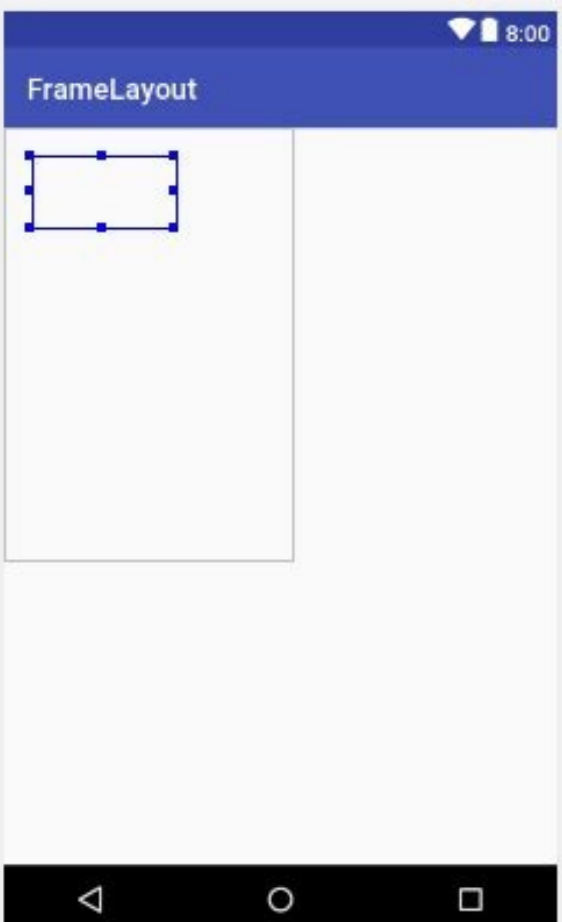

A screenshot of an IDE showing the project structure and the Java code for FrameLayoutExampleActivity. The project structure on the left shows the following files:

- androidManifest.xml
- activity_custom_view.xml
- activity_frame_layout_example.xml
- activity_show_image.xml
- activity_sms_manager.xml
- attrs_draw_ball_view.xml
- colors.xml
- dimensions.xml
- strings.xml
- styles.xml

The Java code in the main editor is as follows:

```
package com.dev2qa.example;\n\nimport android.os.Bundle;\nimport android.os.Message;\nimport android.support.v7.app.AppCompatActivity;\nimport android.widget.TextView;\n\nimport java.util.Timer;\nimport java.util.TimerTask;\n\npublic class FrameLayoutExampleActivity extends AppCompatActivity {\n\n    // Create a TextView object to store TextView reference in findViewById() method\n    private TextView textView;\n\n    // Store timer object\n    private int timerColor = 0;\n\n    // Define a timer object\n    private Timer timer = new Timer();\n\n    // Define timer task\n    private class TimerTask extends TimerTask {\n\n        @Override\n        public void run() {\n            timerColor++;\n            textView.setTextColor(timerColor);\n        }\n    }\n}
```
