## Call of duty 2 emblems

Black Ops 2 Prestige EmblemsBeachhead Studio, the company that's responsible for Call of Duty Elite, has recently updated the CoD: Elite website for Black Ops 2's launch. A lot of BO2 related data was added, for example, the Clan HQ and Competitions pages, but it looks like the Prestige Emblems for Black Ops II were also accidentally released.Check out the high quality versions of them below: Layer 1Layer 2Layer 3Layer 4Layer 5Layer 6Layer 7Layer 8Layer 9Layer 10Layer 11Layer 12Layer 13Layer 14Layer 15Layer 16Layer 17Layer 18Layer 19Layer 20Layer 21Layer 22Layer 23Layer 24Layer 25Layer 26Layer 27Layer 28Layer 29Layer 30Layer 31Layer 32 The prestige system of Call of Duty: Black Ops Cold War has been well received, largely due to the amount of content seen inside the Prestige Shop. However, while Call of Duty: Black Ops Cold War fans have plenty to unlock, some are waiting for some specific Call of Duty: Black Ops 2 emblems before they spend their Prestige Keys. Specifically, Call of Duty: Black Ops Cold War Zombies fans are asking for the skull emblems that made up the Call of Duty: Black Ops 2 Zombies ranks. While the Zombies modes that have followed the second Black Ops game all featured traditional, XP-based progression, the system for Call of Duty: Black Ops 2 was vague. Treyarch never told players how to level up, instead leaving it up to gamers to figure out how the system worked. Continue scrolling to keep reading Click the button below to start this article in quick view. Start now While it took some time, players eventually discovered that the system was based on a kill/down ratio. If requirements were met for several matches in a row, an emblem's eyes would turn blue, with the eyes able to be lost if players stopped meeting the requirement. If they stayed blue for long enough, a new emblem was awarded, with the top-level being a blue-eyed skull with shotguns around it. While the system is likely gone for good, Redditors like BlackBurn115 are pushing for the emblems to come to the Prestige Shop. Redditors like simplytatered tell the player "you're not alone," with clear interest for the emblems seen via the post's 500 upvotes. While Call of Duty: Black Ops Cold War's prestiges do make use of a skull, the designs are more sleek and metallic than the skulls seen in Call of Duty: Black Ops 2 Zombies. The blue eyes concept is also unseen in other prestige emblems, as are the tallies by the side of the icon. While including all may not be necessary, as the bones were never as popular as the skulls, seeing a few of these emblems brought over would be fun. As pointed out by Reddit user x678-Mx, Call of Duty: Black Ops Cold War's Prestige Shop allows gamers to equip icons from non-Treyarch Call of Duty games. With emblems available from the Modern Warfare series, WW2, and even futuristic games like Advanced Warfare, it would make sense if these Treyarch-made emblems were available. With all the icons for Black Ops 3 and Black Ops 4 selectable, it is odd that Black Ops 2 is being left out. Hopefully, future Call of Duty: Black Ops Cold War Seasons see Zombies fans getting their wish regarding these emblems. Even if they lack the blue eyes and the scratch marks on their sides, the inclusion of these emblems would clearly satisfy a fair number of players. Call of Duty: Black Ops Cold War is available now on PC, PS4, PS5, Xbox One, and Xbox Series X. As a recap, Leagues in Black Ops 2 will pair equally skilled players into similar matchmaking categories. As one progresses and becomes more proficient, they will obviously be able to move up in tiers with better players.So far, only ten Prestige levels have been confirmed, plus the last and final Prestige Master (in which everything is unlocked for a player in Black Ops 2). However, reports have surfaced that some users have found up to 15 emblems (thanks, CharlieNTEL) within the latest ELITE update, though a number of them appear to be older Black Ops 1 emblems. It's yet to be confirmed what it could actually signify.Anxious to race to Prestige Master as quickly as possible?
