MORE THAN QUESTIONS ANSWERS.NET February 10, 2021 admin Audio 0 Bamthathile Botlhale Bamthathile Pencil Bamthathile A rite of passage for musicians is to have a song in the top 40 hits of the radio chart. Data analytics company Nielsen tracks what people listen to every week in 19 different countries and compiles information for Billboard's music charts. Mainstream Top 40 The top 40 results are taken from the Hot 100 list published weekly by Billboard magazine. There are a number of factors that determine if a song makes the top 40 list. They include: Sales: Nielsen keeps track of all sales of physical records and from 19 different countries, including the United States and Canada. This includes locals, mass merchants, retail chains, independent shops and digital downloads. digital. music: the number of shows on online radio stations such as Pandora, Spotify, Apple Music, Yahoo Music and AOL Music is counted for the total number of streams. Playing a music video on YouTube also counts as playing a song. Radio: Once a song becomes popular enough to be captured by radio stations, it can earn a lot of traction and earn a place on the Billboard Hot 100. The Billboard Hot 100 is published weekly by Billboard magazine. It is a list of the most popular hundred songs in the United States. Billboard tracks even if a song is higher or lower in the rankings every week, its top position and the total weeks in the rankings. You can watch the music video and listen to almost every song directly on the Billboard website. In addition to Hot 100, Billboard also tracks Billboard 200 and Artists 100. It is also possible to view the most listened to songs on the radio, the best streaming songs, the best digital sales and the best hits of the year. Hot 200 Albums Chart keeps track of the most sold albums of the week. Often, the artist with the best-selling album is different from the artist with the single sold on the Billboard Hot 100. The Hot 200 Albums is published every Friday, which is also the global release date for most new albums. To monitor sales and streaming, the Hot 200 Albums Chart calendar is postponed by a few days to include a whole week of sales. For example, if an album falls into the 27th of January, the total number of listeners refers to the monitoring week of January-18th January 12th. Sales and streaming As album sales have fallen in recent years, the use of streaming services is increasing. In recent years, on-demand audio and video streaming services have reached record levels for flows. The Music is on the rise, but music sales are down. The largest AM/FM radio in the world is iHeartRadio. Radio is still the most popular way to consume music. To © an artist enters the Top 40, he or she needs to have radio performances. Nielsen tracks radio stations all over the and measure which songs are played. This information helps Billboard track the best songs in the country. QUESTIONS FOR QUESTIONS
