We were all in this situation one or two thousand times: after dinner, the whole family gathers in the living room, which stands out close to the fire, collecting some pumpkin cake and flowing through Netflix and Hulu and HBO Max and à € "Well. Before you know, an hour has passed and you still have a movie to watch. Flicking through streaming platforms and cable channels to find that elusive movie on which everyone can agree is the original "Doomscrolling", but, if you prepa in advance, it shouldn't be so this year. That you are celebrating the day with others in your home or making a virtual meeting through Netflix Party, we have rounded up 15 movie chosen to help mitigate that day of film stress. From the classics focused around thanksgiving to films that capture a sense of family, fun and coziness, these films are sure to excite even more demanding cinema lovers. First on our list it is probably probably on everyone's mind when it comes to naming a Thanksgiving film. Strangely, for all the Christmas films that flood our screens in December, there are really too many films (quality) set against the background of Turkey day. John Hughesà € "™ Planes, Trains and Automobiles is a rampant exception to that strange phenomenon. Photo of courtesy: Paramount Pictures / IMDB protagonist of the always exhilarating Steve Martin and John Candy, this comedy for the holidays follows Neal Page (Martin), a rather high dress, and Griffith (Candy), a nice seller of shower curtains, while Board on a three-day odyssey to get to Chicago in time for Neal thanksgiving dinner. If there is something you can say about April Pieces, it's very soon Aughts. And if there is a second thing you can tell Peter Hedges's comedy-drama, it's a surprisingly big movie that brings repeated visits every year. This is largely due to the star cast of the film, which includes Katie Holmes, Derek Luke, Sean Hayes, Alison Pill, Oliver Platt, John Gallagher Jr. and Patricia Clarkson. Our main character here is the April (Holmes) owner, who struggles to prepare a thank you meal away from perfect for his foreign family. The anguio of him, Lower East Side Apartment in Manhattan à with his non-functional oven à and a lot of other harvested obstacles, making the April day all more stressful. To make the most neglected questions, the mother of April, Joy (Clarkson), believes that this is her last thank you because of her recent diagnosis of breast cancer. Both fun and amazing, the film has gained Clarkson both Academy Award and Golden Globe Nominations à € "and it's easy to see why. Now On: Hulu, Amazon Prime Video, Sling TV. Few movies in recent years have captured the dynamics of a family with such precision like The Farewell. When you get a complete sense of the characters outside of the central plot of the movie. While this isn't about Thanksgiving, it sees a family join and navigate every other (often conflicting) needs in a way that makes it feel like watching when you're reunited with your loved ones. Written and directed by Lulu Wang, the farewell is based on her what you don't know about the segment on NPR, this American life program. What about that segment? It was based on Wang's experience visiting her Malle Nai (paternal grandmother) in China - at the time when Wang's family agreed that it was better to keep the diagnosis from Nai Nai. In the movie, the comedian awkwafina plays the stand-in character of Wang, Billi, delivering a "sincerity of physicality to fish-out-of-water and emotion-on-her-sleele that acts as a catalyst for the family to address problems they prefer rather unexpressed " (Cdiewire). If you ever feel a little out of service in your family - if you've ever kept a secret or worried about not being fully honest with a loved one - then the goodbye will keep the space for you as it does for his family suscreen. Now scroll on: Amazon Prime Video. While the Happiest Season is a Christmas movie, we are more than happy to add it to the Thanksgiving muscle list. Namely, we are happy to do it because Hulu released it the day before Thanksgiving and, when it comes to doing so, all Wintry Rom feel quite suitable for viewing Turkey Day, regardless of which holiday they are actually on around holidays. Abby, who is not a big fan of holidays, is enthusiastic about satisfying Harper's parents - and even more enthusiastic about proposing to the love of her life. The only problem? Harper is not out of her parents and wants to keep that part of herself hidden until after the holidays. For her directorial debut, Gina Prince-Bythewood told Slate that she "wanted to have a real love affair with blacks. Not a romantic comedy, but the one that destroys you and puts you back on your feet".Undoubtedly, Love & Basketball does just that. As with all holiday movies that stand the test of time, Claudia's family is pretty dysfunctional, that is, bad at communicating. In the end, the secrets come out, the feelings are hurt and the happiness ensues. Shows include the direction of Foster, the charm of Hunter and the performance of Downey Jr. as Tommy, Claudia's gay brother and longtime confidant. Now streaming on: Hulu, Starz, Sling TV. If you are like us, the words "Remy, the ratatouille, the rat of all my dreams" have been repeated in your mind thanks to TIKTokà's internet-mememe-meets-musical-teater-collab, an attempt to turn Pixar's beloved movie into a Broadway hit. While it is advisable to watch the various videos that make up the viral "Ratatousical", it might be better to stick with the real deal on Thanksgiving. Photo Courtesy: Pixar/IMDb For the less experienced, Ratatouille follows the story of Remy (Patton Oswalt), a blue rat with a penchant for cooking. When Remy finds himself in Paris, he can't help but live his dreams as a chef. Well, sort of. Remy meets an unfortunate employee (and human) of the restaurant, Linguini (Lou Romano), and runs the boy's kitchen hiding under his chef's hat. There's no one who appreciates the precision and beauty of Remy's cuisine more, so why not spend some time with him and his friends for Thanksgiving? Now streaming: Disney+. No, Knives Out isn't a Christmas movie, but the amount of amazing jackets and cozy cardigans and, more importantly, Chris Evans' iconic sweater might fool you. Why watch him the day of thanks? This is the case with Dan in real life, a comic drama directed by Peter Hedges (pieces of April). You could remember this movie For its iconic poster, which has a gum Steve Carell using a pile of syrupy pancakes like a pillow, but if you never walk around to look at it, now it's time. Now available for rent: Amazon Prime Video, Youtube, Vudu, Speaking of love interests and bookstores... I got the mail! Probably, this is the best Tom Hanks and Meg Ryan Rom-Com to team-up of the à "™ - 90s. Directed by Nora Ephron, this classic isn't really a thank-you movie, but, like any good Rom-com is worth its salt, it still emits those comforting, all-end-well and there are -Great-Jackets-and-Sweaters Vibes. Photo courtesy: Warner Bros.fimdb In the movie, Ryan's Kathleen owns an indie bookstore that is about to be put out of business by Joe (Hanks), our Amazon lodging. This strikes all the right beats, and, to be honest, there's an iconic thanksgiving scene featuring a supremely annoyed Ryan in a grocery store dealing with money troubles and a hateful guy (hanks). And, hey, who wouldn't want to spend Thanksgiving with two of America Hollywood's most beloved friends? Now streaming on: HBO Max. Looking to spice things up about this thanksgiving? Tune in to the Oath, a black comedy written and directed by movie star Ike Barinholz. Without a doubt, this comedy film, built around a politically divided family, could only exist in a world where there is the purge franchise - it sounds like a response to that Dystopian horror series, but, you know, sit down with great comedians like Barinholz and Tiffany Haddish. Photo courtesy: attractions along the road / IMDB The premise is simple: in the near future, the U.S. government asks all its citizens to sign a pledge of loyalty. It's not a requirement, per se, but there is a strict deadline "Black Friday, the day after Thanksgiving. This provides the background for Chris (Barinholz) and Kai's (Haddish) messy Turkey meal. While the couple is rather disturbed by the oath, other members of their politically divided family aren't upset by it. Short story short, it is the last dinner of thanksgiving and embarrassing, concluded numerous notches. Now streaming on: Hulu. In many ways, Lez Bomb is the happiest, happiest season - that is, it also tells the story of a queer woman who brings her partner home for a vacation without first excluding her family. This time, however, the holiday is actually thanksgiving. Written and directed by star Jenna Laurenzo, the comedy-drama follows attacker Lauren (Laurenzo) and her loving partner Hailey (Caitlin Mehner) as they embark on a classic family-dysfunctional vacation trip. Photo courtesy: Gravitas Ventures / IMDb At the moment arriving to her parents "Played by Kevin Pollak and Dierdre O'Connell - Lauren try it (a little) better to go out as gay for them, just to be cut off and again. Almost immediately, Lauren Lauren's parents Austin for her boyfriend, and when a Hailey dressed in flannel shows up, the thought that she's Lauren's partner never crosses their mind. Now streaming on: Amazon Prime Video, Tubes. "Let's get together, yeah, yeah" may not be exactly the mantra for Thanksgiving 2020 and it's not even the mantra for Disney's Parent Trap remake. However, this is one of the remakes that pit us against each other! à Better than the original. (I apologize to Hayley Mills and Hayley Mills and her fancy 60's dresses.) As most viewers know, director Nancy Meyersà Parent Trap aims to reunite families, making it a wonderful tonic for a year of isolation. Photo Courtesy: Universal Pictures/IMDb In the remake, Lindsay Lohan plays in front of herself as Hallie Parker and Annie James, two stranger twins who happen to meet at a Maine summer camp only to find out they're related. The twins decide the best way to reunite their mom, wedding dress designer Elizabeth James (Natasha Richardson), and their dad, winemaker Nick Parker (Dennis Quaid) of Napa, is to swap places after summer camp. Inevitably, they'll have to go back, right? Yes. Now streaming: Disney+. If the extraordinarily bright animation, imaginative character and design of the world do not appeal to you, the story of HowlÀ€À's Moving Castle will fascinate visitors of all ages. Based on the novel of the same name by Diana Wynne Jones, this animated adventure was carefully crafted by legendary Hayao Miyazaki and Studio Ghibli. For the newcomers, HowlÀ€À's is set in an imaginary world where there are both early twentieth century inventions and magic, where two kingdoms are at war with each other and where a young miller named Sophie is turned into an old woman by a witch's curse. Photo Courtesy: Studio Ghibli/IMDb In an attempt to break the curse, Sophie finds herself working as a cleaning lady for Howl, a charming but irascible young wizard who lives in an enchanted, wandering castle. While Howl is dragged into the war of the kingdoms, Sophie is fascinated by the magician's colourful gang: a fire demon named Calcifer, Howl's young apprentice Markl and the characters she meets along the way: a hissing dog, an enchanted scarecrow, a washed Witch. In the end, the Moving Castle of HowlÀ€À's speaks of love, in all its variations, and of choice family, and no other movie than Thanksgiving captures the spirit of union, in all its permutations, like this movie.
