In addition to the official apps, some tweaks,mods, and hacked games, and other unofficial iOS and android apps are the most popular apps in Panda Helper. Moreover, as an app installer, Panda Helper provides various Game Tools, and you can use them to speed up games, record screens, or do other operations. You can think of the Panda Helper app as an alternative to the official iOS App store and Cydia for jailbreakers. Panda Helper app can run on iOS and Android APK. Enjoy yourself in Panda Helper! Apple issues the certificate. If the third-party apps, even hacked games, use the signing certificate, they can be installed on iPhone without going through Apple's App Store, and the iPhone does not need to jailbreak. Applying for certificates is expensive and requires sideloading technology to install apps authorized by those certificates. Panda Helper frees common certificates to users and charges VIPs for super certificates. We provide Free Version and VIP Version. You can download the Free Version if you don't want to purchase a VIP. You should know that the free version uses common certificates. If Apple revokes the common certificates, you need to wait until there are new common certificates before using them. You can also purchase a VIP to get super certificates, which are more stable than common certificates, and when super certificates are revoked, we will replace a new one as soon as possible. Yes, the Panda Helper app is entirely safe. While downloading and installing the Panda Helper app, you do not need to provide your Apple ID. Panda Helper app will not access and share any of your personal information. The apps you download from Panda Helper are uploaded after being reviewed by the Panda Helper team and confirmed to be safe and non-toxic, so you won't download any malware in the Panda Helper app that will harm your iPhone or Android phone. You can trust the Panda Helper app. Since its launch in 2018, Panda Helper has been operating stably as an app installer and has millions of users without any security problems. When you install the Panda Helper app, a jailbreak is unnecessary, and you don't need to provide AppleID. You need to install Panda Helper as you would a regular app and trust the Panda Helper's profile. Panda Helper VIP is only for iOS devices. You can get super certificates to download apps when you become a Panda Helper VIP. As a Panda Helper VIP member, you can use Game Tools such as Cheat Engine, App Cloner, Cloud Save, etc., to improve your gaming experience. 1.
