I maker a call I try to switch between the earpiece and speakerphone mode of the phone app. I expect it to switch between the speakerphone and earpiece. Current Behavior I maker a call I try to switch between the earpiece and speakerphone mode of the phone app. The audio from the phone is always on speaker, I cannot get it to go to the earpiece. Even though the phone app says it's not on the speakerphone it always is. Furthermore, the sound quality is distorted when I try using the earpiece (even though the sound is still coming from the main speaker) and people on the other end of the call say I sound funny/distorted. Possible Solution Haven't found any, other than answering all my calls with speakerphone Steps to Reproduce make a call try switching between speaker and non speaker No mater what, the sound is always routed through the speaker /device mialtl /version 13.1 /date 2022-1-14 /kernel 4.14.190-lineageos-ep6710c0cb51 /mods play store, magisk rooted, magisk addons, magiskhide, props, config, systemless, hosts, universal, safetynet, fix, here is my logcat files (captured using matlog app) logs-2022-01-15-12-16-39.zip I have read the directions. Redmi note 9 pro speaker problem solution: Are you a xiaomi smartphone user and you are facing speaker problem in your smartphone and you don't know how to solve solve this problem then don't worry iam hear i will help you in solving this problem. Mostly people face the speaker problem because of water damage, when our smartphone comes in contact with water in that time the water molecules stuck inside our smartphone speaker and they block our speaker and this creates the problem. Restart your smartphone: Sometimes this also works, if there is any little problem like system ui crash or failure then it can be easily solved just by restarting the smartphone. Solution no 2. Go to settings of your redmi 9 smartphone.Search additional settings and click on it.Scroll down and click on clear speaker.Now turn on it for 5 - 10 minutes. Solution no 3. Play this video/ video sound for 5 to 10 minutes: This video which link i have given its sound is an ultrasonic sound. You have to play to for 5 to 10 minutes and it will eject the water from your smartphone and your problem will be solved. In solution no 2 there also you find similar sound but sometimes it doesn't work properly so you can try it also. Solution no 4. Take some isopropyl alcohol and dip it into a soft brush, now use that brush to clean the outer part of your smartphone speaker. Generally whether because of water damage or because of present of dirt and dust particles inside your speaker. Dirt, dust or water whatever it is when these particles stuck inside the speaker they block the sound. When you clean it properly it will solve your problem. How To Know Redmi Note 9 Pro Speaker Ringer Buzzer Need To Be ReplacedA smart phone doesn't seem so smart when its speakers suddenly stop working. Both iPhone and Android users rely heavily on their speakers.Without them, you can't listen to music, make calls using the speakerphone or hear an alert when a new text message arrives. A mute smartphone can be both annoying and frustrating.Check the software: A software issues is one of the most common causes. The phone could be sending the wrong signals to the speaker, which stops it from working. This can usually be fixed in minutes by uninstalling and reinstalling the latest operating system.Check for headphone mode: The sounds play through the headphones jack when they're plugged in, instead of through the speaker. Sometimes the phone might think the headphones are still plugged in even if they aren't, causing them to try and play through headphones that aren't there. Try switching the speaker from headphones to the phone itself.Still don't hear anything?If you still don't hear anything, it means the phone speaker is broken. This happens often, as the speakers are one of the most fragile parts of the phone. Speakers make sound waves by vibrating a very thing piece of material. The sound will stop working if the material is damaged at all.
