The goal of the game is to collect seven notebooks and then escape the school, but it is easier to tell you to do! You will need to learn all the ins-outs of the game to find a winning strategy and avoid being captured by Baldi. Learning to use baldi friends to your advantage, wisely manage items found throughout the school and storing the baldi school layout are all the keys to success! This game has two modes, history and infinity! Å ç å,~ å ç The history mode requires collecting 7 notebooks and then escaping the school to win. Multiple notebooks you collect, you will become fast baldi! Simple but very challenging. Å ç å,~ å ç The infinite mode is a challenge to see how many notebooks you can collect before being caught by Baldi. In time I will accelerate, but every time he successfully solved problems in a notebook that will slow down. Longer you can keep the speed of him, the more notebook you can collect! This is an official door of the original game with touch screen commands and controller support! Take a look at the Options menu to adjust these features to your liking!
