MISSION STATEMENT

Our mission is to develop, build and service Southern Africa for living, working and travelling; in order to improve the quality of living for all.

HISTORY

Chavani (Pty) Ltd was established in 2003 after Chavani Construction cc and Mr. Frikkie du Plessis decided to combine their strengths in order to form a new construction company, Chavani (Pty) Ltd. With more than 24 years of experience in the construction industry and with an experienced management team in place, Chavani is now ready to meet the modern requirements of the South African Construction Industry.

Chavani (Pty) Ltd is registered with the South African Federation of Civil Engineering Contractors (SAFCEC), Construction Industry Development Board (CIDB) and the National Home Builders Registration Council (NHBC).

Chavani (Pty) Ltd started its operations in Harrismith in 2003, doing Low Cost Housing. This operation was shortly afterwards extended to Road Rehabilitation work in Hoedspruit and Road Works for the N3 Toll Concessionaire.

In 2004 we did our first of two Turnkey Projects for the Johannesburg Roads Agency. These projects involved Design and Construct work for the upgrading of gravel roads to asphalt roads in Firville and Naledi, Soweto.

Operations continued in the Free State Province with many Low Cost Housing projects been completed successfully.

In 2005 Chavani (Pty) Ltd was appointed to do the Hartenbos Landgoed Development in Hartenbos. This project involved the construction of 184 No. luxury double story homes.

The Infrastructure and Golf Course Development at The Hills in Pretoria followed this in 2006. This project involved the construction of roads and bridges, water and sewer reticulation, the sewer works and the construction of the Golf Course and dam under the supervision of Greg Norman Golf Course Design.

In 2008 Chavani (Pty) Ltd was appointed as a Joint Venture partner with Basil Read for the GFIP upgrade through Pretoria and Centurion. These projects involved the major upgrade of roads and bridges on the National Route N1. Chavani (Pty) Ltd was responsible for the Project Management of the work through Pretoria. The value of this project was R1,8bn.

Business Profile:

Since its founding in Bavaria in 1872, ABC Company, Inc. has become the leading supplier of fiberboard products in Europe and North America, with offices in 12 cities worldwide, including the U.S. Headquarters in Arlington, VA. This is the only remaining fabricator of wood panel products constructed with hand-ground wood fibers. The company expanded its operations in China in 2006 with the construction of new kilns in Beijing.

The Company News section contains recent company press releases and articles from regional and national news sources, when available.

Company News:

"ABC Sees Exports Increasing in India," *International Chip Digest*, December 10, 2007.

With market conditions expected to see record demands in numerous cities throughout India over the next ten years, according to Jones Market Analysts, exports from ABC's facilities in Germany will exceed forecasts...

"Company Expands Production in Southern States," *Arlington Daily News*, March 16, 2005.

ABC chief executive officer Churchill has announced construction of new processing plants in the U.S. states of Kentucky and Alabama, which are expected to add several hundred new jobs to the region....

GENERAL ENGINEERING SOLUTIONS IS A MULTI-DISCIPLINARY CONSULTANCY AND THE LEADING PROVIDER OF HIGHLY SPECIALISED SOLUTIONS IN THE ENGINEERING COMPUTATION SECTOR

The company was established in 2009 as a design and computation business. The company's principal objective, defined in its corporate strategy, is to continue developing its activity as the provider of advanced analyses and to strengthen its leading position in the industry within Poland and other European markets. One of the key objectives of the company's long-term strategy is the continued development of innovative solutions that meet the highest European quality standards.

The use of advanced design tools (CAD) and state-of-the-art numerical analysis tools (CAE, CFD) together with the provision of a high-quality service helps us to deliver on our business objectives in line with our strategy. The projects we undertake are mainly R&D projects for the power engineering, aviation, railway and shipbuilding industries.

With modern technical facilities combined with best practices and experienced personnel, we are able to accept and successfully complete even the most advanced projects. We offer state-of-the-art solutions that meet stringent quality standards applicable in, for example, the aviation or power engineering sectors.

The expertise and experience demonstrated by our specialists enable us to provide our Customers with solutions that make their products more competitive, reliable and at reduced manufacturing costs. With financial stability, we are able to continue investing large amounts of money in the latest technologies and to continue improving the qualifications of our personnel. General Engineering Solutions offers a wide range of solutions in response to even the most challenging problems in the contemporary world.

OUR MISSION

Our mission is to continuously develop our expertise in the area of numerical analyses, both structural analyses and fluid mechanics. We work to ensure that, by combining innovation with the highest quality standards and continuous improvement of our team's qualifications, we can deliver solutions that fully satisfy our Customers' needs.

Building and maintaining positive relations with our partners and the community is our priority. We wish to be fully trusted by our Customers and our Employees, as is our Customers and Employees that we rely on for our future growth.
