Zelda wind waker gamecube iso download

ROM Information Name: Legend of Zelda, The - The Wind Waker (USA)Download: Legend of Zelda, The - The Wind Waker (USA).7zSystem: Nintendo Gamecube ISOs / ROMs Size: 742.15 mb DL Count: 33242 File ListingFilenameFilesizeCRC Legend of Zelda, The - The Wind Waker (USA).iso 1086173184 AD21C2BA WE ALSO RECOMMEND YOU TO TRY THIS ROM GAMES The Legend Of Zelda The Wind Waker Rom GCN Gamecube Iso The first entry in the Zelda franchise for the GameCube wind waker rom, sporting a distinctive cel-shaded graphics style. It built upon the mechanics of Ocarina of Time/Majora's Mask and featured an oceanic setting emphasizing exploration and discovery.One of the best Zelda games with an amazing art style wind waker rom. Link, our hero, is not on a quest to save the kingdom or the princess but to rescue his little sister, who was captured by a giant bird. With pirates, raging dragons, and crazy wind gods, the Wind Waker is the most memorable game on the GC console wind waker iso.Legend of zelda wind waker rom is an action-adventure game and the tenth installment in The Legend of Zelda series. It was released for the Nintendo GameCube in Japan on December 13, 2002, in North America on March 24, 2003, in Europe on May 2, 2003, and in Australia on May 7, 2003. The Legend of Zelda: Phantom Hourglass for the Nintendo DS is the direct sequel to The Wind Waker.The game legend of zelda wind waker rom is set on a group of islands in a vast sea, the first for the series. The player controls Link, the protagonist of the Zelda series. He struggles against his nemesis, Ganondorf, for control of a sacred relic known as the Triforce. Link spends a large portion of the game sailing, traveling between islands, and traversing through dungeons and temples to gain the power necessary to defeat Ganondorf. He also spends time trying to find his little sister.The Wind Waker follows in the footsteps of Ocarina of Time and its sequel Majora's Mask, retaining the basic gameplay and control system from the two Nintendo 64 titles. A heavy emphasis is placed on using and controlling wind with a baton called the Wind Waker, which aids sailing and floating in the air.[3][4][5][6] Controversial during development for its use of cel-shading graphics and younger Link character, The Wind Waker received acclaim on release and is one of the Nintendo GameCube's most popular games. wind waker romDOWNLOAD NOW OverviewThe first entry in the Zelda franchise for the GameCube, sporting a distinctive cel-shaded graphics style. It built upon the mechanics of Ocarina of Time/Majora's Mask and featured an oceanic setting emphasizing exploration and discovery.justin1888 says:Action/Adventure game. Beautiful design and wonderful plot as well as fun gaming. Anonymous rates this game: 5/5The Legend of Zelda: The Wind Waker is an action-adventure game and the tenth installment in The Legend of Zelda series. It was released for the Nintendo GameCube in Japan on December 13, 2002, in North America on March 24, 2003, in Europe on May 2, 2003, and in Australia on May 7, 2003. The Game Critic rates this game: 5/5This game is a great puzzle game with action and adventure. It took a 1 half our download for me, but worth it. I have played all the Zelda games and this and OoT Are the 2 best. It is the same graphics from the gamecube version and can never be beat. Welldone. leightningboy rates this game: 5/5Such an amazing game! I have played this multiple times and fall in love with it all over again every time. A must have for Zelda fans. Brendoge rates this game: 5/5When The Legend of Zelda the Wind Waker was announced and revealed to feature a rather strange cartoon style to their visuals, fans were left scratching their heads to whether they should end up purchasing the new art turn. When it was released however it quickly became a popular addition to the series. In fact it inspired future games to add further intelligence to a variety of elements, as the Wind Waker not only featured amzing art and sound but also smart gameplay - such as items having more uses and temple puzzles to perplex and challenge. A new link is the hero this time around, in a Hyrule bound together by vast oceans. Link has to use the wind to his advantage as he sales off in set of new islands in the new area to explore. Ganondorf has return Zelda - but not in ways you might think casual to the franchise. Incorporating new techniques, sound, items, adventures, gameplay, intelligence, art styles and various other achievements - the Wind Waker makes for some tough and fun adventures with the new characters and worlds - link still doesn't talk, but that's no negative to the story. What makes it even more entertaining is the comedy and plain fun that comes with the new visuals, It's unlike any other game of the series and you'll love every minute of it!
