Virat was earlier snapped in this casual t-shirt which had 'State of Mind' imprinted on it. Revealing the reason why she borrows from her hubby's wardrobe, Anushka had once said in an interview with Vogue India, "I actually borrow a lot from his wardrobe, mostly T-shirts and stuff. They were worn by royals such as Grace Kelly in her prime. Use to complement your outfits, and receive compliments in turn. You can get either simpler designs for formal occasions, or go wild with a more creative twist of metal and precious stones.A great example of such a compliment is the original Cartier 18k white gold chain necklace. It is gender-neutral, meaning that anyone can wear it. The Rolo links require little maintenance, so the necklace is a remarkable addition to your daily routine. Cartier RingsWhen you want an engagement ring or an anniversary gift celebrating many years together, giving or receiving one of the Cartier signature pieces shows that you are cementing your relationship as permanent. The brand symbolizes commitment and making a legacy together. You also don't have to settle for simple diamonds. At Gray & Sons, you can decide if you want to size your ring up or down. You can try on every size in our selection, and find just the right fit. Consider the Cartier Cabochon Moonstone Ring with an 18K white gold band. It's a unique piece that will look gorgeous when you go down on your knees. The white cabochon moonstone will gleam on your partner's finger, and give you a unique alternative to diamonds. If you want diamonds and pearls, like a princess in a fairy tale, then take a look at the Cartier Tahitian Black Pearl & Diamond Ring. The 12.5-millimeter pearl rests atop an 18K gold band, and diamonds inlaid to make a bright contrast against the black shade. You'll feel like royalty while presenting it to your loved one, with all the sweet words to accompany it. Cartier BraceletsCartier Love bracelets are extremely popular, and we always carry a selection. They are a great gift to provide to a loved one or to wear for a special occasion. Our details on the Cartier Love Story will give you a look behind the scenes and why you should choose this brand when buying a bracelet.When you want a piece that displays understated elegance, we can recommend Cartier Love bracelet with pave diamonds. This band comes in 18K gold and 177 tiny diamonds, rows of them inlaid between golden studs. It is great when you want a bracelet to wear during the day, for any occasion. Use this piece when you need to switch outfits from working at the office to going out to a nightclub. If you prefer a charm bracelet, one option is this Cartier with diamonds, that will gleam in any room. The charms are laid against a chain of 18K gold and a total of 1 carat worth of diamonds. This is better for an informal occasion, as it can be hard to play off that many accents at a formal dinner or such. With that said, it's a step up from a typical charm bracelet, which is usually made of cheap metal. You can add some elegance to whimsy. Sometimes you want a piece that has more flair. Aldo Cipullo, one of Cartier's most famous artisans, delivered on that with his creations. He designed the Love Bracelet, as all as the Clou. The Aldo Cipullo Juste un Clou Nail bracelet can provide a twist that stands out and is verified as being 1971 vintage. It comes with papers of authenticity. Thirty years have not taken the shine off this piece, with 18K yellow gold and 2.75 carats worth of diamonds. The light will twist with the bracelet when it makes the diamonds gleam. Cartier EarringsThese earrings are meant to be the finishing touch to your outfit. They are designed for various occasions, and to complete your look when going out. See what the right arrangement of diamonds and gold to do. One such example is the Cartier Baiser du Dragon earrings, which are meant to represent the magnificent creature in jewelry form. 1 carat worth of rubies and diamonds hang on 18K gold. These earrings dangle and gleam like bursts of fire in the dark. These are perfect for your next party.
