Km bizhub 206 driver

Output Size : A3 Output Type : Monochrome Print Volume : Medium Recommended Usage : Low and Medium workgroups Achieve simple operability through one touch buttons for frequently used functions such as ID copy, Simplex/Duplex setting, scan to USB, and Automatic paper size detection through optional RADF. A convenient print feature to collate multiple pages into one booklet. Colour documents can be digitised into colour files. Fast colour scan at 20ppm (150dpi)*1, never slows work down. The supported scan file formats are TIFF, PDF, and JPEG. *1 This is the speed when equipped with the Reverse Automatic Document feeder DF-625. Print two pages on a single paper back to back (double sided), to reduce paper consumption by half.(optional) Konica Minolta's own Polymerized Toner technology achieves high image quality. The toner fuses at low temperature to bring the overall reduction of power consumption and Co2 emission, and saving TCO, Co2emission in the production process can also be greatly reduced, compared to pulverised toner. To support SMTP authentication which permits sending e-mail to users authenticated by the SMTP server. E-mail servers and ISPs (Internet Service Providers) etc. which are set for SMTP authentication can be used. Connection to an SMTP server allows SSL communication, so E-mail can be sent in a security-conscious state. This is suitable for small offices and other situations without a private E-mail server. Type Embedded Print Speed A4 bizhub 226: 22 ppm, bizhub 206: 20 ppm Letter bizhub 226: 21 ppm, bizhub 206: 19 ppm Resolution Main: 600 dpi × Sub: 600 dpi Memory Size 128 MB standard Supported OS Server Windows Server 2008*/ 2008 R2 (×64) /2012 (×64) / 2012 R2 (×64)* Supports the 32-bit (×86) or 64-bit (×64) environment.
