MU ORIGIN 2 - USA Version (APK + MOD) - Private Server, High Rate, Free VIP 5, Daily Pack, High Rewards, In-Game Events - MU ORIGIN 2 brings you the legendary MU kingdom back again, inheriting the classic elements and story that has been beloved by players over 16 years and reinventing the quality and user experience/gameplay. Let's return to the classic MU online fantasy mmorpg world. Hold your weapon and regain the MU kingdom. Intense real-time PvP and cross-server battles. Live auction and unique free trade system, which supports face-to-face trade in the game exclusively. Auto exp and gear collection with idle gameplay. Battle alongside your friends and find them easily with our unique social system. Modern visual, reconstruct lifelike MU world. Brilliant 3D mmo rpg graphics, magnificent skills and outfits. Exquisite art and design. What is Mods? A mods (short for "modifications") is an alteration where someone, usually a player, changes some aspect of a video game. Online communities are changing video games to make them better, weirder, and much more wonderful. For example: Farming Simulator players like old tractors, but basic game do not have it, so they create it. Or maybe you want new Euro Truck Simulator trailer skin, just download mod and you can change skin. There is only few examples why mods is amazing and make games much better. The GM is going to disable the PK in all maps and open the cross server. I think server 2 will be opened soon. Update They have permanently removed the b.dias (blue diamond) drops in normal maps because the GM doesn't want the dummies to abuse the server. They also limit 2 accounts per IP. In exchange, World Boss will drop 50k blue diamonds in normal maps to encourage players to be active in hunting.
