© NYS DMNA: AGR, Counterdrug & ADOS Job Opportunities URL: Modified: 22 Jul 21 13:09 UPDATED: 23 October 2020 at 10:10 AM ESSENTIAL BUSINESSES O ENTITIES, including any for-profit or non-profit entities, regardless of the nature of the service, the facility Essential enterprises must continue to comply with directives and indications to maintain a clean and safe working environment issued by the Department of Health (DOH) and any activity, although essential, is strongly urged to maintain social displacement measures to the extent possible. This guide is issued by the Department of Economic Development of New York d/b/a Empire State Development (ESD) and applies to each individual business position and is intended to assist companies in determining whether they are an essential activity. With regard to companies or entities operating or providing essential and non-essential services, supplies or support, only those lines and/or business operations necessary to support essential services, supplies or support are exempt from personnel reduction restrictions. State and local governments, including municipalities, authorities and school districts, are exempt from these essential business reductions, but are subject to other provisions limiting the non-essential workforce, in person and other operations under the Executive Order 202. On 26 April 2020, Governor Cuomo announced a gradual approach to reopening New York's industries and businesses in phases based on a regional data-based analysis. On May 4, 2020, the Governor provided that regional analysis would consider several public health factors, including new COVID-19 infections, as well as the health system, diagnostic tests and contact tracking ability. 11 May the governor Cuomo has announced that the first phase of reopening reopening starts on 15 May 2020 in different regions of New York, based on metrics and regional indicators available. This essential business guide remains in force for regions and industries which are not yet within the reopening phases. For the purposes of the Executive Order 202.6, "Essential Business", we mean companies operating in or as: 1. essential health care operations, including research and laboratory services clinical inspection hospitals and veterinary and zootechnical medical services wholesale medical care and distribution of domestic health care workers or aids for senior doctors and dental medical offices and medical care practices houses, residential health facilities, or medical care services 2. Essential infrastructures including public and private services, including, but not only, energy production, fuel supply, and the transmission of public water and waste water telecommunications and data centers airlines/airports commercial ships/ports and infrastructures of transport of marine ports such as bus, railway, motor vehicles, hotel garage and other places of accommodation, including campsites. Campings must take precautions to ensure that campers maintain adequate social space and adhere to appropriate cleaning and disinfection protocols, including but not limited to maintaining six feet away between campers, unless you wear an acceptable face cover, excluding people from the same family who camp together. 3. Essential production, including food processing, production agents, including all foods and beverages chemicals medical equipment / pharmaceutical instruments health products including care products regulated by the Food and Drug Administration (FDA) telecommunications microelectronics/semi- food industry agriculture/agriculture paper products for the family defense industry and the transport infrastructure automobiles any parts or components necessary for the essential products that refer within this guide 4. Essential retail including grocery stores and beverages Pharmacies convenience shops farmers markets gas stations restaurants/bars (but only for take-out/delivery) hardware household appliances, and building materials pet food telecommunications shops to serve existing customers and accounts in regions that are not yet within the first stage of the state regional reopening plan, delivery for orders made remotely via phone or online at the non-essential retail establishments; 5. Essential services including 2020 census operations and waste collection and recycling activities, processing, and postage and laundry services and other cleaning services of clothing/fabric cleaning services and maintenance service services for children repair of bicycles repair auto repair and maintenance motor sales conducted remotely or electronically, with vehicle in person showing, return, and delivery by appointment only warehouse/distribution and fulfillment of funeral homes, storage plants/centers; provided that classes are not allowed in person 6. News media 7. Financial institutions, including banks or credit institutions, payroll accounting services relating to financial markets, except for debt collection 8. Basic necessities suppliers for economically disadvantaged populations, including homeless shelters and nursing facilities co-regulated food banks providing human services whose function includes direct care of patients in state or funded voluntary programmes; care, protection, custody and supervision of individuals both in the community and in state residential structures; those operational community shelters and other critical human service agencies that provide direct assistance or support 9. Construction All non-essential construction is limited to staging activities in regions that are not yet within the first stage of the state reopening plan, except for the emergency construction, (e.g. a project necessary to protect the health and safety of occupants, or to continue a project if it would not be safe to allow to remain unsolved, but only to the point that it is safe to stay the job). The essential construction includes: construction for, or your business provides the necessary support for construction projects involving, roads, bridges, transit plants, utilities, hospitals or sanitary facilities, homeless shelters, or public or private schools; construction for affordable accommodation, as defined as construction works in which (i) a minimum of 20% of residential units are or will be considered at affordable prices and are or will be subject to a regulatory agreement and/or a declaration by a local government, state, or state, or a federal government that the construction must be turned off when it is safe to do so; construction for existing projects (i.e. currently underway) of an essential undertaking, or construction work that is completed by a single worker who is the only employee/worker on the work site. in each site, it is necessary that the staff working on the site maintain an appropriate social distance, even for the purposes of lifts / meals / revenue and ocitis. sites that can not maintain appropriate social space, as well as cleaning/disinfection protocols must close. execution will be conducted by state and local governments, including fines up to \$10,000 per violation. construction can continue exclusively with respect to those employees who must be present at the workplace/worksite in support of essential business activities. no other employee/person has to work in person at the site's workplace/building. for staging activities, a person's workforce can be present on site to: clean, sanitize and/or disinfect common and working areas; test run hoists, lifts, cranes and other equipment; establish new and multiple inputs/exist to control staff movement and allow health screening, including temperature gloves; install existing hand sanitation/washing stations or retrofits with taps and touchless dispensers; install health screening stations or input devices; affirming social space, hygiene and cleanliness/disinfection signs, including posters, facial markers, protection markers as mentioned above, local governments, including municipalities and school districts, are allowed to continue construction projects at this time as government agencies are exempt from essential business restrictions. However, in most cases, local governments should postpone any non-essential project and only proceed to essential projects when they can implement appropriate social disinfection and defiance protocols. Essential projects should be considered those who have a link to the health and safety of the occupants of the building or to support the wider essential services that are required to meet the government's critical operations or emergency response to the COVID-19 public health crisis. 10. Defence and national security operations supporting the US government or a U.S. government contractor 11. essential services necessary to maintain safety, sanitation and essential operations of residences or other enterprises, including corrections and supervision of the community prevention of fires and the answer code construction safety management and response, EMS and 911 dispatching cleaners or janitors general maintenance and specialized if employed by the body directly or a seller, including mataris The sellers who provide essential services or products, including logistic and technological support, care for children and services, including but not limited to: logistic technological support for online services child care programs and government services owned or rented government services essential any personnel necessary for online or distance learning or classes delivered via remote means 13. Recreation parks and other open public spaces, including parks and other areas of congregation within the discretion of the state or local government until appropriate social allocation of at least six among individuals can be maintained, face coverings acceptable are worn by individuals who are more than two years old and able to medically tolerate such coatings, and frequent cleaning/disinfection measures are in place for hard surfaces and objects often touched by more people (for example, handrails, benches) recreational outdoor and low risk activities are allowed as long as detachment and cleaning/disinfection measures are allowed. oo of non-motorized boats and rentals, such as rowing boats, kayaks, canoes; golf and driving courses, except minigolf (mini) with food and retail services subject to restrictions that are currently in force within the region; games of rackets, such as bad flyer, pickleball the drive-in cinemas so provided that the measures of social space and cleaning/disinfectment are in place marine, ship yards and recreational marine producers, for the operations of marina in progress and repair/manutenzione boat, where such structures adhere to strict protocols of social space and sanitization. In the regions which do not fall within the first phase of the regional reopening plan of the state, the oo of such sites for staff or the operation of boats or other motor boats is eligible, provided that there are no services of motorboat chartered or motor yacht chartered, the activity of the restaurant on such sites are limited to access or delivery only. 14. Professional services with extended restrictions lawyers can continue to perform all the work necessary for any service until it is run remotely. any work presence in person is limited to work only in support of essential enterprises or services; However, also work of an essential enterprise or service should be conducted as remotely as possible. The real estate services are carried out remotely for all transactions, including, but not only, research, evaluations, allowing, inspections, and registration, legal, financial and other services necessary to complete a transfer of real estate; provided, however, that any services and parts in it may be carried out in person only to the legally necessary extent and in accordance with the appropriate social disinfection and detachment protocols; and nothing within this provision is necessary. Under the Executive Order 202.42 and 202.45, all non-essential meetings of individuals of any size for any reason (e.g. parties, celebrations or other social events) are limited to no more than twenty-five (25) or less people in regions who have reached Stage Three of Reopening, and no more than fifty (50) people in regions who have reached Stage Four of Social Reopening are detaching and relevant. Pursuant to the Executive Order 202.41, any region which has not yet entered Phase Three non-essential meetings may not exceed ten (10) people, and the requirements for posting and social coverage must be met. If the function of your business is listed above, you do not need to request any special designation or approval to operate. If you have examined this guide and need additional assistance to determine whether your business is allowed to operate on site, you can consult the New York Forward Business Reopening Lookup Tool here. Restrictions on request for designation as an essential activity: According to the Governor's Executive Orders, the following companies are specifically enumerated as non-essential and therefore are not able to request a designation, but should continue the New York Forward website for further developments: Each large meeting or venue of events, including but not limited to establishments hosting concerts, conferences, or other performances in person or presentations in front of an in-person audience, except as otherwise permitted below; All places of public fun, both indoor or outdoor, including but not limited to, places with fun walks, amusement park, amusement parks, arcades, fairs, playgrounds for children, Please see the New York Forward specific guide as it applies to current activities and operations. For more information on the New York response to COVID-19 and on the guide for cleaning and disinfecting facilities, please refer to the New York Department's webpage at: Further information from the United States Centers for Disease Control and Prevention can be found at: . .
